The benefit of belonging

For nearly 100 years, the NRMA has existed to keep people moving with roadside assistance. Today, the help we offer extends beyond the roadside to include benefits and savings on a range of products, services and experiences. We call it NRMA Blue and it's designed to bring more value to your Membership — every day.

NRMA Blue

Membership is much more than just great roadside assistance. NRMA Blue is the Member benefits program that gives you access to a range of offers and savings on things like fuel, dining, insurance, travel, accommodation, experiences and more.

NRMA Blue is included with all roadside assistance subscriptions or available on its own if you don't require roadside cover.
