### 1. Business Membership

#### 1.1 Business Membership of the NRMA

Who can become an NRMA Business Member?  
The following entities may become an NRMA Business Member ("Business Member"):

- A corporation with an ABN (Australian Business Number), ACN (Australian Company Number) or ARBN (Australian Registered Body Number);

#### 1.2 Becoming a Business Member

##### Obtaining a Business Membership

There is an annual membership fee ("Business Membership Fee") for all organisations wishing to become a Business Member. Once the Business Membership Fee is received and processed by us, your organisation is recorded as a Business Member. On becoming a Business Member, you must appoint a person to be your Authorised Business Representative. The Authorised Business Representative will be taken to have full authority to deal with all matters relating to your Business Membership, including your Vehicles and Subscription Packages.

Subject to NRMA's discretion, your ABN (Australian Business Number) will need to be provided in order for us to process your Business Membership.

## **Business Membership Fee**

The Business Membership Fee is payable at the time your organisation becomes a Business Member, and annually thereafter. Only one Business Membership Fee is payable per Business Member. Once the Business Membership Fee has been paid, the Business Member may then purchase Subscription Packages.

## **Nominating Vehicles**

On becoming a Business Member, you must nominate all Vehicles requiring Motoring Assistance benefits. You may nominate as many Vehicles as you wish on your Business Membership, provided the Vehicle is owned, leased or managed by you and is driven by your employees or agents. Each Vehicle must be nominated under a Subscription Package. Unregistered Vehicles or Unroadworthy Vehicles will not be covered under a Subscription Package. In New South Wales and the ACT, we may provide services for an Unregistered Vehicle holding an Unregistered Vehicle Permit (UVP) or a Conditional Vehicle Registration or if You are driving the Vehicle to get or renew your Vehicle's registration.

## **Subscription Package Fee**

A Subscription Package Fee is payable when you nominate a Vehicle on a particular Subscription Package to receive Motoring Assistance. The Subscription Package Fee is payable annually by the expiry date (also referred to as the "valid to date") for each Vehicle nominated for Motoring Assistance. The annual Subscription Package Fee varies depending on the type of Subscription Package purchased by you. Your Business Membership must remain current at all times during the Subscription Package Year to receive Motoring Assistance. If your Business Membership expires or is Cancelled at any time, your Subscription Packages will also automatically expire – refer to section [1.7](#) for more information.

## **Nominated Vehicle replacement**

When a Nominated Vehicle on a Subscription Package is sold and / or replaced with another like for like Vehicle and / or if the registration number has been changed the Authorised Business Representative must contact us and notify us of the change as soon as possible after the change has occurred. Business Members may replace a Nominated Vehicle on a Subscription Package on no more than two occasions per Subscription

Package Year. Until the change has been notified to us, the replacement Vehicle will not be entitled to any Motoring Assistance benefits.

### **1.3 Changing levels of cover on a Vehicle**

You may change the Subscription Package for your Vehicle simply by purchasing a new Subscription Package when your current Subscription Package is due for renewal. If you wish to change your Subscription Package before the renewal date the following applies: Assist to Absolute – you will be required to pay the difference between the fees for the Assist and the Absolute Subscription Package for each Vehicle you wish to upgrade.

#### **Assist to Advance**

You will be required to pay the difference between the fees for Assist and the Advance Subscription Package for each Vehicle you wish to upgrade.

#### **Assist or Advance or Absolute to Light Commercial Assist**

If you change your Subscription Package from Assist, Advance or Absolute to Light Commercial Assist you will be required to pay the difference between the fees for the Assist, Advance or Absolute Subscription Package and the Light Commercial Assist Subscription Package for each Vehicle you wish to upgrade calculated on a pro rata basis for the time remaining on your Assist, Advance or Absolute Subscription Packages (whichever is the case). This will entitle you to Light Commercial Assist benefits for the remaining time on your Assist, Advance or Absolute Subscription Package.

#### **Assist or Advance or Absolute to Light Commercial Absolute**

You will be required to pay the difference between the fees for the Assist, Advance or Absolute Subscription Package and the fees for the Light Commercial Absolute Subscription Package for each Vehicle you wish to upgrade.

#### **Light Commercial Assist to Light Commercial Absolute**

Heavy Vehicle Assist Subscriptions. Refer to section 2 for information on when your benefits become available.

## **1.4 Qualifying for Service**

### **Business Membership identification**

On becoming a Business Member and on purchasing a Subscription Package, you will receive a Certificate of Coverage. You will also receive a membership card. When requesting Motoring Assistance, you will need to provide details to us of your current Membership and nominated vehicle. If we cannot confirm the existence of a current paid Subscription Package, you will be charged an On Road Join and Go Fee before Motoring Assistance can be provided to you. See section 2.2 for information on joining after you breakdown.

## **1.5 Change of Business Membership details**

### **Authority to make changes to a Business Membership**

Only the Authorised Business Representative may request a change to Business Membership details. A Business Membership company name can only be changed if it has been recorded by the Australian Securities and Investment Commission (ASIC) and if the ABN, ACN or ARBN remains the same. Details will only be changed in all cases if proof is provided in writing. A representative other than the Authorised Business Representative may make payment of Business Membership Fees and Subscription Package Fees, provided that no changes to the Business Membership or Subscription Packages are made.

## **1.6 Business Membership Years Continuous Business Membership years**

In order to accrue Business Membership years and to obtain benefits for accrued Business Membership years your Business Membership must remain current.

## **1.7 Expiry and Cancellation of Membership and Subscription Packages**

### **When does a Business Membership expire?**

The Business Membership Fee must be paid for by the expiry date. If your Business Membership Fee is not paid by the expiry date, all benefits under any Subscription Packages associated with your Business Membership and any rights attaching

to your Business Membership will be suspended until your Business Membership and Subscription Package Fees are paid. If you wish to re-join after your Business Membership has lapsed, you will be issued with a new Business Membership once you have paid your Business Membership Fee and a Subscription Package Fee for each Vehicle you wish to cover.

Business Membership benefits accrued from your lapsed Business Membership cannot be transferred to your current Business Membership.

### **1.12 Suspension of service or termination**

In such circumstances, we may in our discretion: suspend or limit Motoring Assistance to you or your agents; impose service fees for further Motoring Assistance requests; or subject to a resolution of the Board of Directors revoke your Business Membership.

## **2. When do your benefits become available**

### **2.1 Motoring Assistance and Towing**

Motoring Assistance benefits and Towing become available the day after a Subscription Package or an upgrade to a Subscription Package has been paid for by you. The same applies when we have been notified that a Nominated Vehicle has been transferred. Major Mechanical Breakdown benefits are available 24 hours after payment has been received and processed by us. These extra benefits (i.e. other than Motoring Assistance benefits) apply to Business Absolute, Advance and Light Commercial Absolute Subscription Packages. Your entitlements do not cover incidents or pre-existing problems resulting in a Breakdown prior to the nomination (or changed nomination, including an upgrade) of a Vehicle on a Subscription Package. Before your entitlements can be used, a Patrol Officer or a mechanic engaged by NRMA must inspect your Nominated Vehicle to confirm that a Major Mechanical Breakdown has taken place. Note: all Motoring Assistance benefits and services are subject to availability. Some benefits and services may not be available in some Metropolitan Areas, Country Areas or Remote Areas.

- The method of delivery of Major Mechanical Breakdown Entitlements will be at the sole discretion of the NRMA, including without limitation regarding the type, method or provider of transportation, accommodation, rental vehicle, taxi, air transport, alternative transport or vehicle transportation provided or paid for.

# About our services

## 12. Roadside Assistance for Nominated Vehicles and Trailers

### 12.1 Providing Roadside Assistance

Roadside Assistance is provided to mobilise a Vehicle that has become disabled due to an unexpected Breakdown. It does not cover regular maintenance or permanent repairs that should normally be carried out in a licensed repair workshop. You are responsible for having permanent repairs carried out to your Vehicles at your own expense. When providing Roadside Assistance we carry out temporary repairs where we have the necessary tools available at the time of the Breakdown. Vehicles nominated on Business Assist, Absolute, Light Commercial Assist, or Light Commercial Absolute Subscription Packages, taxis nominated under a Business Taxi Assist and Business Heavy Vehicle Assist Subscription Package are entitled to Roadside Assistance. This entitlement also applies to a Trailer that is included as a part of the Nominated Vehicle in the above Subscription Packages. Although we make every effort to provide and arrange all services and benefits, providing them will depend on the availability of equipment and resources, particularly in Country Areas and Remote Areas.

### 12.2 Vehicle weight and length

Roadside Assistance may be refused if the Nominated Vehicle exceeds the weight limit related to the Subscription Package the Nominated Vehicle is covered by.

### 12.3 Emergency fuel

If your Vehicle or Heavy Vehicle runs out of fuel, where possible we will supply enough fuel for you to drive your Vehicle or Heavy Vehicle to the nearest refuelling station where you can purchase fuel during normal business hours. You must pay for the emergency fuel supplied to you at the time of service.

### **In Metropolitan Areas**

If we are unable to provide you with emergency fuel or if your Vehicle uses LP Gas or CNG Gas, we will provide Towing to the nearest refuelling station (subject to your Towing entitlements) where you can purchase fuel during normal business hours. You will be required to make payment at the event or alternatively the amount will be charged to your Account.

### **In Country Areas**

If we are unable to provide you with emergency fuel or if your Vehicle or Heavy Vehicle uses LP Gas or CNG Gas, we will provide Towing (subject to your Towing entitlements) back to the town of the attending Country Service Centre where you can purchase fuel during normal business hours. You may be required to make payment at the event or alternatively the amount will be charged to your Account.

### **Battery depleted on Electric Vehicle**

If Your Nominated Vehicle's Electric Vehicle battery is depleted, we may provide You with a top up charge to enable the Vehicle to be driven to the nearest Electric Vehicle charging station if in range.

If we are unable to provide You with a top up charge, due to mobile charging equipment being unavailable or for any other reason, we will provide a Tow to the nearest Accessible Charging Station, or destination of your choice, whichever is closest, subject to your Towing entitlements.

If You are Towed to an Accessible Charging Station, You will need to provide your own charging cable and/or adaptor to charge your Electric Vehicle.

Any costs associated with charging the Electric Vehicle will be at Your own expense.

For Heavy Vehicle Assist, tyres will be arranged and charged at commercial rates and payment may be required at the time of service or alternatively the amount will be charged to your Account.
